November 3, 2025

Greetings,

The TruckerCode.com Corporation is progressing forward gaining support for The Park Place Bill. As such, we are proud to provide our first draft of The Park Place Bill for review. We request your suggestions, revisions and/or modifications to assist making this stronger and applicable towards the goal of publicly traded shippers and receivers providing safe on-site parking. This bill will significantly reduce threats to driver health, increase highway safety, and the efficiency of the national supply chain – ultimately strengthening the national freight network across the United States of America.

Thank you for your valuable time,

A handwritten signature in blue ink that reads 'Joseph Cassinelli'. The signature is fluid and cursive.
