October 1, 2025

Greetings,

For beginners, we want to take a moment and thank the various individuals and organizations that have responded to our previous mailings regarding 'The Park Place' bill proposal. The following is growing in support of this initiative, and we hope to get this developed and passed into law in the near future.

Next month we hope to have our first draft of the bill which we will be submitting for suggestions to make it stronger. This bill if passed would require publicly traded shippers and receivers to provide safe on-site parking for semi-trucks. Parking for semi-trucks is a sensitive subject in the transportation/logistics industry and is directly tied to safety.

We request your review of our online video at...

***[www.TruckerCode.com/parkplace](http://www.TruckerCode.com/parkplace)***

... to get more familiar with what we are proposing.

Thank you for your valuable time,

A handwritten signature in blue ink that reads 'Joseph Cassinelli'. The signature is fluid and cursive, with the first name 'Joseph' and last name 'Cassinelli' clearly distinguishable.

Joseph Cassinelli
